ABOUT US

ABOUT US

WATCH PARTS MAKER WOWS AIRSOFT GUN INDUSTRY

Some 60 years ago Mr. Sun, a tinkerer, made the first watch hand in Taiwan to be labeled a pioneer in his days.

With the technology passed through the third generation, Modify uses watchmaking expertise to develop high-end airsoft guns and parts to have started its era as the top-gun in the field.

MAKER KNOWN FOR BOUTIQUE-GRADE PARTS

Obsessed with making precision parts and able to turn sketch on paper into metallic products, we're obsessed, detail-minded technicians who demand at least stable quality.

Modify adopts watchmaking know-how to design airsoft guns and upgraded parts, which have become precision must-haves among players.

A FULLY TRUSTWORTHY PARTNER

We know exactly what you demand, which is parts made right the first time, delivered on-time at reasonable price. Always keeping your interest at heart, we suggest ways to lower cost. Modify stands behind its word to always offer excellent value as the best service.

EXPERTISE WITH GUARANTEED QUALITY

Modify continues to improve its production capability to satisfy customer needs. Besides offering toy parts, watch parts, precision mechanical parts and tools, photoelectric & fiber optics part etc, we provide free advice. Able to offer sample as requested, we are backed by experienced engineers to speed new product development.

PISTOL

TRINITY HI-CAPA

nylon fiber slide

aluminum alloy slide

	TRINITY HI-CAPA
WEIGHT	0.58kg (nylon fiber slide) 0.62kg (Aluminum alloy slide)
LENGTH	220 mm
BARREL LENGTH	113 mm
BARRLE CALIBER	6.03mm
HOP UP	Adjustable
MAGAZINE	28 rds
PELLET TYPE	6 mm BB
INITIAL SPEED (Normal)	278~311 fps

The Trinity Hi-Capa is a new airsoft pistol that Modify-Tech is developing. Airsoft fans can count on its 3 main characteristics— accuracy, high modifiability, and mid-price point.

Notable features:

1. Patented slide release enables precise adjustment of hop-up without disassembling upper and lower body.
2. Hi-sensitivity trigger shortens trigger travel.
3. Steel firing mechanism including hammer, seal and separation switch for much improved durability.
4. Ambidextrous stainless-steel thumb safety for user-friendliness by right- or left-handers.
5. Hardened anodized aluminum 6.03mm inner barrel with the latest Accurate bucking for improved airtightness, range and precision.
6. Muzzle with 11mm CW for mounting silencer, LED light etc.
7. Nylon fiber grip for toughness and durability.
8. Optional nylon fiber or aluminum alloy slide to suit particular market.
9. Modified to easily accept Marui spec accessories.
